Introduction

This project book has been created specifically for members enrolled in the 4-H Cat Clubs. Keeping a record book is an important part of the project. It will help you set goals for the project year, record your accomplishments and help guide your efforts to keep important records on your cat(s).

What is a 4-H Project?

A project is a subject or topic that you learn about in 4-H. It is also something you do or make, with knowledge and skills you learned in the project. In this case, your project is Cats. You learn about your project from attending club meetings and educational workshops, and from working with adult and other 4-H members. You can also learn from field trips and camps, by participating in shows and competitions, as well as from your family and self-study. The Cat project is for kids who love cats and want to learn about them. Ideally, you have a cat of your own. You will be the cat's teacher. Your goal is to be a good teacher to the cat, using patience, firmness, consistency, and love.

Why Complete a Record Book?

A record book is a way for you to learn. Here are some important reasons why 4-H expects you to complete a 4-H record book for your project.

Keeping a 4-H record book will help you...

- To organize yourself
- Set reasonable goals for yourself
- Appreciate what you've learned this year from the goals you reached
- Recognize what you've learned in your 4-H project this year and track your progress and successes from year to year.
- Explain what you've learned
- Keep track of costs of your project
- Gather information needed to apply for awards and scholarships
- Complete applications and resumes for jobs and college
- Meet requirements to participate in some county, state, and national 4-H events.

Guidelines for the Cat Project Record Book

One record book can be completed for all of your project animals. Start your record book at the beginning of the 4-H year (in September or when you join) and keep track of all your expenses and receipts during the year. It is important to update your record book monthly. Keep your book neat and complete.

Start by setting at least three goals for the year. These goals could include “Cat Care Skills” or “Personal Development Activities”. To expand your horizons try to accomplish new skills each year you are in the project.

A record book should be three-hole punched so that it may easily be kept in a three-ring binder. It is recommended that you save your record books from previous years. That way, you can easily compare your progress and achievements throughout your years in 4-H. It will also help you when you apply for awards, jobs, college, etc.

Member in Good Standing Guidelines

In general, all 4-H members are expected to meet the following standards each year. These are the minimum requirements. Your club may have additional requirements.

- Attend at least 70 percent of regular club meetings and activities.
- Complete a 4-H project, doing your own work with minimal assistance from parents or others, including being responsible for the physical care and training of the animal(s) to the fullest extent.
- Give a club or county 4-H public presentation.
- Complete a project record book (like this one).

How This Record Book is Organized

Aside from the introduction, this record book is organized into four main sections:

- * Starting Out - Goals for the 4-H year—Page 5
- * Along the Way—Keeping track of what I do—Page 8
- * Looking Back—What I learned this year—Page 16
- * Thinking Ahead—Goals for next year—Page 23

Starting Out

Goals for the 4-H Year

The beginning of the 4-H year is a good time to think about what you'd like to do or learn in 4-H during the upcoming months. List some of your goals for the year and how you plan to accomplish them. Talk with your leader and parents to decide which goals are realistic for this year.

During each year in the 4-H Cat Project, members should choose a minimum of three goals to pursue. You may ask your leader for suggestions. Write your choices below. Don't be afraid to challenge yourself. Of course, you may aim to reach more goals. For now, write your goals below and your plan for reaching each goal. Be sure to get the needed signatures on the next page.

My goals for this year	Steps to reach this goal
<i>Example: I will learn how to give a public presentation.</i>	<i>Attend county public presentation workshop. Practice my presentation. Give the presentation at a club meeting.</i>

Signatures for Goal Setting

I will work toward the above goals I have set for myself for the upcoming 4-H year to the best of my ability:

_____ *Member Signature* _____ *Date*

_____ *Parent Signature* _____ *Date*

_____ *4-H Leader Signature* _____ *Date*

Along the Way

Keeping track of what I do

For this section, it is best to write down what you have done shortly after completing it so that you don't forget important events and activities. This section includes the following parts:

- * What I accomplished in this project this year
- * Animal care & management
- * Project finances
- * Other clubs and projects and events I participate in.

What I accomplished in this project this year

On the following page list what you did in this 4-H project. Don't forget to include all types of 4-H events and activities you might have done this year:

- Events participated in
- Leadership roles—such as offices held, committees led
- Shows & competitions
- Club meetings, special meetings, and clinics
- Community Service
- Public Speaking
- Field trips
- County Fair
- Awards and recognition earned

Project Finances

It is likely that you spent money on your 4-H project this year. This section will help you add up what it cost to complete your project.

(I) Income

It is quite likely your project had no income. If so, enter “none” under description and “\$0.00” under the total income. List any income received from your project this year. For instance, sales of any project-related items or cash prizes from contests or exhibitions. Income may also include selling kittens from a litter or any animal related activity that had a profit.

E) Expenses

In this section keep track of what you purchased and the costs of any other materials, supplies, and equipment used for your project. Feel free to add more copies of these pages if necessary.

Expenses are divided into three categories (E1, E2, E3)

(E1) * Cat Food (*dry, canned, snacks, etc.*)

(E2) * Miscellaneous expenses (*such as: grooming supplies, equipment, show entry fees, advertising fees, toys, etc.*)

(E3) * Health/Medical expenses (*medicine, vaccinations, veterinary visits, boarding fees, and other health practices performed by you, your parents, or others*)

Date	Description of Income (include quantities)	Income (\$)
12/19/09	Watched neighbor's cat while they were away	\$ 15.00

Cat Food Records (E1)

Type of Food Purchased	Date Food Was Purchased	Cost of Food Purchased	Amount & Quantity Purchased (optional)	Comments
Example: Dry Cat Food	12/1/2009	\$5.00	1 20LB. Bag	I keep dry food in self feeder at all times
TOTAL for Year:				

Miscellaneous Expenses (E2)

Date	Item Purchased or Service Performed	Reason for Item Purchased or Service Performed	Cost	Comments
Example: 12/1/09	Litter Box	Tp house train kitten	\$10.00	My kitten learned good litter habits quickly.
TOTAL for Year:				

Health/Medical Expenses (E3)

Date	Treatment or Services	Performed by	Reason for Treatment or Service	Cost	Comments
Example: 12/1/09	Kitten's 1st visit to vet	Dr. DVM	for vaccinations and check-up	\$50.00	Kitty liked the vet
TOTAL for Year:					

Year End Summary

Financial

If your project earned more than it cost, then you made a profit. This is not very likely, so don't worry if your project did not make money.

It is more likely that you spent more on your 4-H project than you earned from it. Therefore, "expenses" minus "income" is the total (or "net") cost of your project.

Total Expenses	
Total Cat Food Expenses (E1) page 12	\$
Total Miscellaneous expenses (E2) page 13	\$
Total Health/Medical expenses (E3) page 14	\$
Total Expenses (add all expenses together)	\$

Net Project Cost	
Total Expenses (E, from above)	\$
Total Income (I, from bottom of page 11)	\$
Net Project Cost <i>(Subtract total income from total expenses)</i>	\$

The Three Most Important Things I Learned

Even if you learned many different things in 4-H, think of what was most important for you. Then, list the three most important things you learned in This project during the past year in the boxes below. For instance, *I learned how to brush my cat, I learned that working with senior citizens is challenging but also fun, I learned to speak in front of my club without being afraid.*

The Three Most Important Things I Learned in this Project During the Past Year Were...
1.
2.
3.

My Story

Keeping in mind the items you checked on the **Knowledge and Skills Gained** list on the previous page, write a story that explains what you learned this past year in the 4-H. Use specific examples (unique to you) whenever possible. Feel free to relate what you learned in 4-H to school, family or other activities in your life. Use extra pages if needed. Attach photos or clippings on additional pages to this book if it helps tell your story better. Be sure to label them with captions.

4-H is proud of what its members learn and sometimes likes to use excerpts (parts) of stories 4-Hers write for 4-H publicity. If you do not want your information shared, please let us know by checking the boxes below:

Do not use my story for any 4-H publicity.

You may use my story, but do not credit my name.
